

**LAUNDRY LIST**

Dream @ July 25

Hi Viktor!

Your friendly possible action points to get the dream paper re-submitted.

There are four docs involved (excluding this one):

- |      |                             |                        |
|------|-----------------------------|------------------------|
| I.   | Overleaf for-submission.tex | (and dependents)       |
| II.  | Questions and Rationales    | (from me to you)       |
| III. | Internal Explanations       | (from me to you)       |
| IV.  | Official Response Note      | (goes into submission) |

Recommended workflow for you:

1. Read "Questions and Rationales," which explains my edit strategy, & lists some open questions. It's some text but an easy read.

**File II: "Dream - July 2025 Questions and Rationales"**

2. Check my internal explanations (to you) regarding what I did in response to each specific comment of the reviewers. It covers all reviewer comments.

**File III: "Dream - July 2025 Internal Explanation to Reviewer Comments"**

3. Check my edits on Overleaf (for-submission.tex)

<https://www.overleaf.com/project/5efeadc275d71b00014b2ea8>

4. Check my official response note that is requested by the editor. It is similar to the internal responses (#2 above) but for uploaded with the revised paper.

**File IV: "Dream - July 2025 Response Note to Reviewer Comments"**

5. Upload the new paper and the response note after your edits.
